North Newstead Association

The Hodiamont Track covers a 3.5-mile corridor from the Grand Center on the east, north along Spring Street, then west along the former streetcar right-of-way just north of Enright Avenue. The corridor ends at North Skinker Boulevard near Gwen Giles Park. A greenway on the Hodiamont Tracks would intersect at the St. Vincent Greenway and connect to the Centennial Greenway.

**Residents for the  
North Central Special Business District**
